

policy hive

Policy Hive is a Paris-based advisory service that helps understand and respond to policy and regulatory changes for more sustainable and inclusive growth models. We look at international policy and regulatory trends and their impact on diverse stakeholders – workers and communities, small and big businesses, institutional investors. Our mission is to bring clarity on these matters.

What we do

We are taking a cross-disciplinary approach to zoom in on any challenges you want to address and break-down the complexity of today's policy making via:

POLICY MONITORING AND FORESIGHT

- ✓ Rigorous policy analysis and briefings
- ✓ Scoping of political and regulatory developments
- ✓ Regulatory impact assessment.

PUBLIC AFFAIRS

- ✓ Designing policy narratives and priorities for targeted policy advocacy
- ✓ Mapping out networks and preparing engagement with stakeholders
- ✓ Facilitating multi-stakeholder and bilateral dialogue

Focus Areas

The dividing lines between regulatory cooperation streams are becoming more difficult to delineate. Policy understanding and coherence between them is needed for sustainability and inclusivity and to mitigate risks for all stakeholders. Breaking down such synergies and developments helps priority setting, decision-making and advocacy goals. We cover the following policy themes:

- ✓ **ECONOMIC POLICY** – Strategies and models of growth against inclusive and social justice objectives
- ✓ **FINANCING FOR SUSTAINABLE DEVELOPMENT** – Infrastructure investment and taxation
- ✓ **RESPONSIBLE BUSINESS CONDUCT & INVESTMENT** – Making good use of international standards, Giving substance to the S of the ESG
- ✓ **CORPORATE GOVERNANCE** – Stakeholder representation, inclusiveness and fair-risking sharing
- ✓ **THE FUTURE OF WORK** – Transition pathways in the green and digitalized economy
